

2018 SPONSORSHIP OPPORTUNITIES

RTCA 2018 GLOBAL AVIATION SYMPOSIUM

JUNE 12-13 // HYATT REGENCY // CRYSTAL CITY

RTCA

Each year, RTCA conducts an annual Symposium to examine current and emerging issues facing the aviation community. The Symposium focuses on the policy and technical issues relevant to RTCA committee volunteers and others in the aviation industry and attracts over 300 industry executives from the US and around the world. With the fast growing drone and commercial space industry beginning to share the airspace, we will have much to discuss about encouraging innovation, embracing disruption all while maintaining our enviable safety record.

Top leaders from FAA, airlines, airports, manufacturers, service providers, UAS, aviation associations, general aviation and businesses gather annually to network and address the pressing issues of the global aviation industry.
