<name, email, which days to attend at Volocopter>

A Workshop hosted by EUROCAE and RTCA will be hosted at Volocopter on May 17th from 12h to 18h CEST. Invitees will include lower risk and UAS developers who would use any new lower risk standard. Please contact above if you have an interest on attending the Workshop. All members of SC-240 and WG-117 are also invited to attend.

Draft Agenda:

- Introduction
- History and Background
- WG-117/SC-240 SG-1 status overview
- Presentation by Regulators
- Issues and Survey results
- Open Discussion
- Conclusion and way ahead

Virtual connection information is available for both the Workshop and the Plenary sessions.
